

NEW *Math Makes Sense 9* Manitoba Special Offer!

Receive a **FREE** on-line *Math Makes Sense 9* electronic Student Edition (in PDF format) for every print edition purchased. This will allow students to access their on-line textbook in class and at home.

This special offer is now available through the Manitoba Text Book Bureau.

Why schools are adopting *Math Makes Sense 9*:

- The consistent three-part lesson model in the student edition supports *teaching for understanding* and the spirit of the WNCAP curriculum.
 - The clean, uncluttered pages of the student edition provide an *'invitation to learn'* for all students.
 - The [*Preparation and Practice Book*](#), available in consumable or line master format, provides review for whole class or individual student needs. It scaffolds lessons found in the textbook, providing easier examples and questions for at-risk students while still matching the content of the student text.
 - The *ProGuide™* includes:
 - the complete print teacher guide
 - a **CD-ROM** with rubrics and modifiable line masters
 - a **DVD** with a digital version of the Student Book, videos, animations, virtual manipulatives
 - a calculator, perfect for interactive whiteboards, tablets, or projection devices
 - The *Examview®* Extra Practice and Test Generator CD-ROM contains over 1200 questions, all linked to the outcomes.
-
